

Smart Solutions by **GESSNER**TM
Made in America 

WHY GESSNER?

WE'RE INNOVATIVE.

We work with dealers and chain restaurant operators to develop unique products to meet their individual needs. In short, you invent the item, and we'll create it for you. We are faster and better – from concept to finished product.

WE'RE CUSTOMER FOCUSED.

At Gessner, we take pride in our products and consistently deliver what we promise, when we promise, every time. We supply quality, American-made melamine and thermoplastic products at prices competitive in the global marketplace, with fast turnaround, backed by the absolute best in customer service.

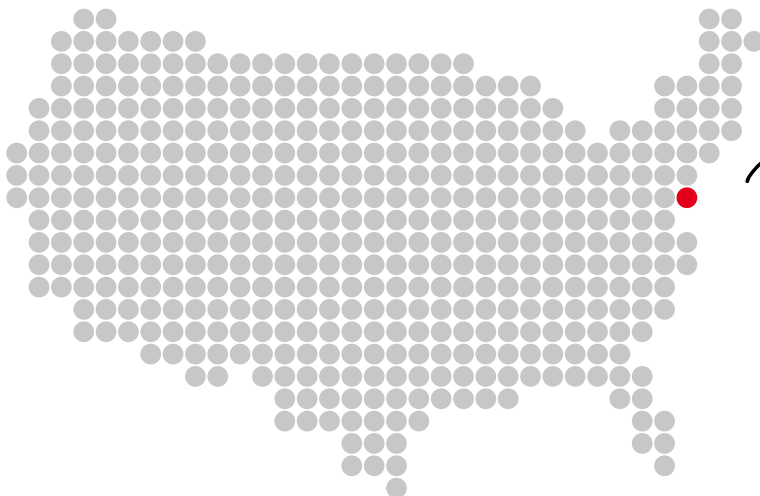

WE'RE FAMILY-OWNED & OPERATED.

Edward H. Gessner founded the company more than 60 years ago on the all-American values of hard work and ingenuity. We continue to espouse these values to this day with 3rd generation ownership and company leadership. We're very proud of our long family heritage.

WE'RE MADE IN AMERICA.

Most of our product line is proudly made right here in the USA at our factory in Ambler, PA. We are a strong supporter of American manufacturing and the benefits it brings to our valued customers.

WE'RE VERSATILE.

Gessner tabletop products are designed for use with all cuisines including seafood, steak, Mexican, Italian, and Asian – whatever the menu!

WE'RE ECONOMICAL.

Gessner tabletop products are durable, cost-effective alternatives to glass, china, ceramic, and stainless.

WE'RE GREEN.

Long lasting, reusable Gessner tabletop products reduce waste caused by disposables.

MELAMINE RAMEKINS

MELAMINE: THE PERFECT COMPLEMENT

The Gessner line of melamine ramekins is the broadest in the foodservice industry. With seven distinct styles in a variety of colors, we provide innovative options for every table setting.

With the look and feel of ceramic, melamine is an exceptionally cost-effective way to ensure an attractive setting, every time. Add in a lower initial investment, and overall long-term cost reduction thanks to reduced chipping and breakage, and melamine is the perfect complement for any menu.

REDUCE WASTE

A fast growing high-end taco chain was wasting queso when serving individual guests a 12 oz portion. A 6 oz vessel was the perfect solution. Gessner built new tooling and delivered in record time.

SAN PRODUCTS

A SAFER ALTERNATIVE

SAN is the perfect accessory for a variety of settings. SAN replicates the look of glass, but does not shatter when dropped, making it a safer and more cost-effective choice. Add in easy care and clean-up, and SAN makes sense. Microwave-safe and kid-friendly, too!
