

Mr. Dudley[®]

PEPPERMILL SALT SHAKER COMBO

FILLING & ASSEMBLY

by
GESSNER[™]

1

Unscrew and remove finial (top nut) and fill salt.

Do not over fill salt.

2

Remove top.

3

Pour peppercorns into the mill.

Do not over fill peppercorns.

4

When finished filling, replace top and screw finial back on mill.

Do not overtighten finial (top nut). Overtightening or excessive pressure will cause salt cylinder to crack.
